## Your Tractor's Best Friend

### Finger Bar Hedge Trimmer

A lightweight hedge trimmer with an impressive vertical reach of 5.5m and horizontal reach of 4.6m whilst being able to cut on top of a 3.7m hedge. Fitted with a double hydraulic pump and runs off the tractors PTO, allowing the blade to keep oscillating whilst the head is being maneuvered. This trimmer can cut left and right side and has optional wireless controls plus optional hydraulic forward reach.
