

SIROMER

HEDGE TRIMMER

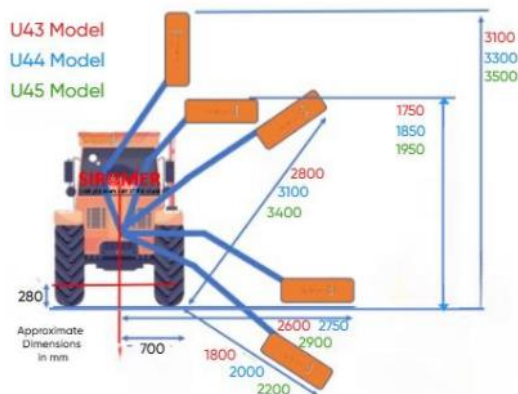

High reach. Low hassle. Fully independent.

Designed for maximum flexibility and ease of use, the Siromer Hedge Trimmer fits standard CAT I linkages and runs on its own PTO-driven hydraulic pump—no need to rely on your tractor's hydraulics. With interchangeable finger bar and flail heads, it's built for versatility across a wide range of trimming tasks.

FEATURES:

- Fits standard CAT I 3-point linkage
- PTO-driven hydraulic pump – no tractor hydraulics required
- Interchangeable finger bar and flail heads
- Ideal for hedge cutting, verge maintenance and boundary control

Perfect for smallholders, farmers, and contractors needing a reliable, high-reach solution.
