

SIROMER

TOPPER

Tough on weeds. Easy on your pasture.

Built for tough jobs, Siromer Toppers are ideal for cutting long grass, weeds, brambles, and nettles. Perfect for topping after grazing, they encourage healthy regrowth and improved grazing quality. Galvanised for durability, with heavy-duty swinging blades and adjustable height.

FEATURES:

- Galvanised body for long life
- Heavy-duty swinging blades (replaceable)
- Adjustable skids with 4 cutting heights
- Inline or semi-offset use
- Chain guards front and rear
- Shear bolt PTO shaft included
- Ideal for topping pasture and cutting scrub
