SIROMER

FLAIL HEDGE TRIMMER

SCAN TO WATCH — VIDEO —

Siromer's high-reach hedge trimmers are designed for cutting hedges, verges and field boundaries with a compact or agricultural tractor. Fitted with a PTO-driven hydraulic pump, the hedge trimmer operates independently from the tractor's own hydraulics, giving consistent power to the cutting head. Available in three options, the range is suited to tractors from 50 to 90 hp with Category II linkage. A strong, practical choice for landowners, contractors and estate maintenance.

Model	G42
Head length	1050mm
Structure Weight	670kg
PTO Speed	540r/min
Tractor HP	50-90hp
A	4541mm
