

SIROMER

FINGER BAR HEDGE TRIMMER

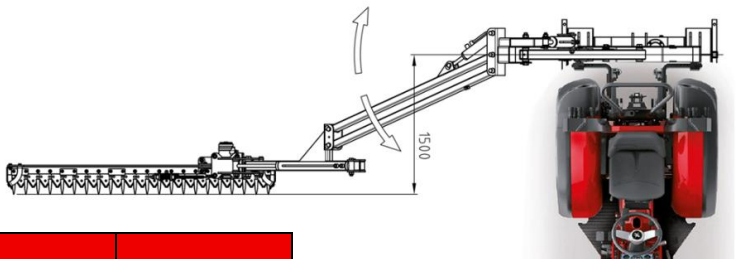

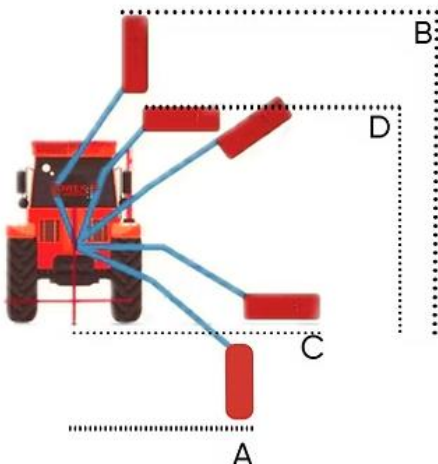

Lightweight. High reach. Fully independent.

The Siromer F61 features a 1.9m finger bar cutting head, with up to 5.5m vertical reach and 4.6m horizontal reach. Its PTO-driven hydraulic system operates independently of the tractor's hydraulics and allows the head to keep cutting while being repositioned.

FEATURES:

- Cuts on the left or right-hand side
- Cuts across hedges up to 3.7m high
- Optional wireless controls
- Optional hydraulic forward reach

Model	F61
Head Length	1.9m
Weight	310kg
