Tidy up rough ground. Power through thick grass.

Ideal for paddocks, parks, and orchards, Siromer Flail Mowers tackle overgrown grass, weeds, and light scrub with ease. Fitted with a high-power gearbox and robust driveline, they deliver reliable, low-maintenance performance. Choose from fixed semi-offset or hydraulic side-shift models to suit your setup.

FEATURES:

- Heavy-duty gearbox and driveline for tough work
- Fixed semi-offset (approx. 6") or hydraulic side-shift*
- Adjustable skids for cutting height control
- Support leg for easy storage
- Ideal for maintaining pasture, parkland, and orchard margins

*Hydraulic model requires a double-acting spool valve for operation
